

## Slim Chiclet Keyboard KEY0104

A compact wired keyboard with Chiclet style key layout. This is by far our favourite little keyboard for toting around with a Raspberry Pi!

Great to tuck behind the TV, in a draw, or throw into your bag when you're roaming free.

- Comfortable and durable
- Keyboard dimensions: 284 x 122 x 24mm
- Ergonomic design
- USB
- Includes arrow keys
